

Local Police Are Being Unduly Criticized, Is Claim Of Councillors

Rumor Regarding Actions of Police False; Considerable Discussion About Truck Traffic Through Town

"Local police are being unduly criticized" on certain actions was the claim made at the meeting of the Council held in the Town Office on Tuesday night. Councillor Wilks, who made the above statement went on to state of the tracing down of a rumor started around town regarding the police. The rumor claimed the local police had ordered a hired hand of this district out of town, and Councillor Wilks stated that, in company with Councillor B. S. Cameron, chairman of the police committee, he had investigated the alleged incident, and found it positively without foundation. He deplored the fact that "irresponsible persons" should be allowed to start such rumors, so definitely unfounded.

Circulating for Several Weeks

Councillor Cameron then stated that these rumors had been circulating through town for the past several weeks, and that some steps should be taken towards stopping them. The chairman of the police committee also reported that within the past month, he had not heard one complaint regarding the policing of the town, and that he was satisfied in his own mind that several accusations had been made against the police which were "positively untrue."

The secretary-treasurer was instructed to write a letter to the postmaster-general at Ottawa requesting him to have the local post office open to box-holders between the hours of two and eight p.m. Sunday afternoons. The step should be taken, one councillor pointed out, for the convenience of residents of Lacombe district.

Repairing of Streets

Councillor T. Wilks, chairman of the Public Works Committee reported that the repairing and patching of the main highway through town was proceeding, and the results were satisfactory. He warned the council that within the course of the next two years at most, the highway from the furniture store corner down Barnett Ave. to Nanton St. and up to the corner of the new filling station is being built, would have to be torn up and re-surfaced. He declared this to be the fault of the engineers who laid the present surface on the road without properly preparing the base.

Famed EP Ranch To Sell Out Large Herd

News, that will be received with regret among the pure bred cattle breeders of Alberta is that all Shorthorn cattle on the famed E.P. ranch at High River, owned by the Duke of Windsor, will be sold by auction next month. This announcement has just been made by Prof. W. L. Carlyle, manager of the ranch, who, according to the Calgary Herald states, "I have received instructions that we are definitely going out of cattle raising but will continue with horses, sheep and ponies."

Built Fine Shorthorn Herd

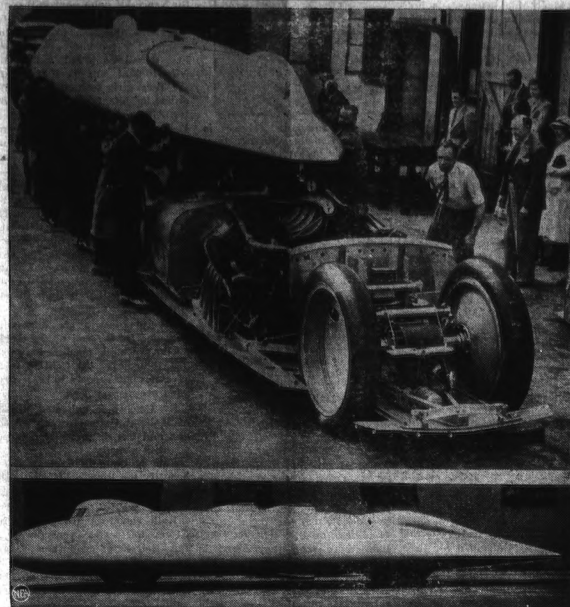

When the famous ranch was taken over by the then Prince of Wales about 20 years ago, steps were immediately taken to build up a fine Shorthorn herd. Much of the foundation stock came directly from H.R.H. estates in the Old Country along with some of the outstanding prize winners from other herds in England. In the course of years, the fine animals of the E.P. ranch have contributed greatly to the improvement of the breed in Alberta and other parts of the Dominion.

The winnings of the E.P. animals at stock shows and fairs across the country and in international shows are legion. With the sale, which takes place on September 30 next, many breeders will be offered the opportunity to improve their foundation stock.

This Week's Thought

A truth that's told with bas intent, beats all the lies you can invent.

New Candidate For World Speed Honors

Seeking the speed record on land held by Capt. George Eyston, his countryman, John Cobb, British racing driver, will use the huge, bullet-like car, above, in an attempt to

better the existing mark of 312 miles and hour on the Bonneville, Utah, salt flats. Top above, workmen are shown lowering the streamlined tonneau onto the chassis of the

metal monster at Brooklands, Surrey, England, before shipping it to the United States. The car is equipped with two 1250 horsepower engines which supplies its terrific power.

Rev. and Mrs. Layton Honored By Social Visit

Attended by forty persons a picnic was held at Meridian Beach Camp on Wednesday, Aug. 17, the occasion being a social visit and supper with Rev. and Mrs. R. B. Layton, formerly of St. Andrew's Church and now of Westminster Church, Medicine Hat, who are vacationing at their lake cottage close by the camp. Following a delicious picnic supper, T. Wilks, chairman, led in communal singing.

Mr. Wilks said he always enjoyed going back to towns where he had lived, seeing the improvements and visiting old friends and he hoped Mr. and Mrs. Layton would find equal enjoyment in visiting Lacombe. P. W. Pratt recounted Mr. Layton's services instituting the camp grounds and buildings. Robert Layton expressed his pleasure in being present. The value of friendships made in youth was the theme of a brief talk by Mrs. P. A. Rainforth of Edipette and Mrs. J. E. Love left a thought concerning the importance of "Making a Life," which could be done by studying the philosophy of Jesus.

Rev. A. L. Carr of St. Andrew's extended greetings. Replying spontaneously Mr. Layton voiced his pleasure in being in familiar surroundings and among so many old friends. The gathering dispersed after singing *Old Lang Syne*.

Shoots Hole-in-One at Local Golf Course

It takes the ladies to do it. Mrs. Hugh Miller of Edmonton made a hole-in-one on the 115 yard number 3 hole at the local golf course last week. Hole-in-one have been very scarce this year, as either skill or luck has deserted the local golfers. Play for the local golf club championship reached a standstill last week as rain and chilly weather interfered with the royal and ancient golfers. Bus Nelles and Pete Danner managed to wrest the Parsons cup from the grasp of Bob Todd and John Miller in play last week-end, and the present holders have yet to defend the silverware.

All games posted for the Wildfire cup must be played by Aug. 22. If games are not played by this time, they will be automatically forfeited.

Weather Study Proves 1938 a Patchy Crop Year

Officials at the local experimental station keep close track on weather conditions and their effect on the crops growing in this district. Below is printed a report issued by the Dominion Experimental Station, Lacombe, dealing with the precipitation and its effect upon the crops in this district.

"1938 will be remembered as a 'patchy' crop year. In the areas of the poorest crops there are some comparatively good small districts, and in the districts of the best crops there are some poor crop areas. Most of the dried out areas, where little or no crop has been harvested for years will have a very fair crop with heavy crops in some of the usually driest districts. Over the West generally, 1938 will be recorded as a bad half year. The hail season is probably past but the next worry will be frost."

"1938 will be only a fair crop year in the Lacombe district. Moisture is the greatest single factor in our crop production and from October 1, 1937, to August 3, 1938, the precipitation was below the 30 year average for all but two months, and for the ten months was very light with a total of only 10.7 inches as compared with 8.5 inches in the month of June, 1915. During the four days on August 4 to 7 Lacombe received the heaviest rain recorded in 31 years with a total of 3.56 inches. This heavy rain will save a very critical condition for late seeded barley and oats, and for oat greenfeed, but is too late to do much if any good to the wheat crop. Pastures are again turning green and fall pastures will be good. Cutting will be general this week on the early light crops with short straw and short heads."

"The greatest need now is for dry, warm days to hasten growth and ripening in the later heavy crops, many of which are still quite green."

GULL LAKE COUNCILLORS RETURNED TO OFFICE

P. C. Owen, T. Wilks and Dr. W. T. Hynes were returned by acclamation to the council of the Village of Gull Lake at the nomination day held recently. The three councillors constitute the council of the village, with Dr. F. Chisholm as secretary-treasurer.

Globe Places 3rd In Dominion-wide Newspaper Contest

An honor has come to the Lacombe Globe, which it accepts with all due modesty. This is the third prize award made by the Canadian Weekly Newspapers Association, at its annual convention held in Vancouver last week, for the best all round weekly newspaper of its class in Canada. Out of ninety-four papers competing, the first prize was awarded to a Nova Scotia newspaper, the second to a Quebec newspaper and the Lacombe Globe placed third. The awards are made to encourage high standards in country newspapers, and are based on the following points, viz: local news 30, district news 10, editorials and editorial page features 10, front page 5, local advertising 10, national advertising 5, classified advertising 5, typography 10, layout of pages and advertisements 5, presswork 5, and general appearance 5. All editorial and presswork must be done at the office of publication, and the four copies of the papers entered for judging were: one for the second week in August, 1937, one for the third week of November, 1937, one for the second week in February, 1938, and one for the first week in April, 1938. The issues decided on for the competition were given out only one month prior to the convention.

Decoration Day Service in Memorial Park Next Sunday

Next Sunday, August 21, will be the annual Decoration Day, when the memory of those who paid the supreme sacrifice for their country in the Great War will be honored. Under the auspices of the Lest-We-Forget Club and the Canadian Legion B.E.S.L. a short service will be held in the Memorial Park commencing at 3 p.m. with the flag at half mast. After the service, placing of wreaths and floral tributes will take place and the congregation will be requested to proceed to the cemetery, and honor the soldiers' graves. Members of the Lest-We-Forget Club will appreciate anyone bringing or sending flowers to the members for this occasion. The local scout troop will attend the services in a body. All scouts, in uniform, are requested to meet at the home of Mr. G. Edginton at 2:30 p.m.

Excellent Prospects In View For Harvesting Of Crop in Lacombe District

Cutting General; Farmers Watch Prices Fall to Half Last Year's Price; Coarse Grains Advancing Rapidly

Farmers of the district are busily engaged these days cutting and the heavy crops in some years. The wheat is well above the average of the last few years, and farmers are paying higher cutting costs because of the heavy straw. Elevator agents in the district report the crops to be comparatively clean of weeds, except for scattered farms, and a high yield is expected. Estimates of the wheat crop yield range from 18 bushels to the acre up to 25 bushels, with some exceptional acreages expected to top these figures. Late winter crops are rapidly maturing with cutting of coarse grains looked for within two weeks.

With prospects of a good crop, farmers though are gloomily watching the wheat prices, down over 50% from the prices obtained year ago. Highest grade Garnet wheat is bringing only between 35 and 40 cents per bushel at the country elevators, with No. 1 Northern selling around the fifty cent mark. Last year No. 1 Garnet sold for close to one dollar.

From Gull Lake comes reports of a wheat crop well above the average, with straw exceptionally heavy and cutting general, some farmers even cutting the coarse grains. Morningside district reports cutting well under way, with crops only slightly above average. Straw is fairly heavy, but is not expected to increase cutting costs to any large extent. Late snow crops in and around Morningside are making quick headway but cutting is not expected to start for a week to ten days on the coarse grains. Farmers report little hail damage.

The farms immediately adjacent to Lacombe are showing promise of good yields, with cutting rapidly progressing, and men being picked up to work in the fields. South of Lacombe wild oats will lower the yield considerably, but, throughout the district, weeds have been kept down pretty well.

Farmers of the Joffre district have started to cut slightly immature wheat. The yields on this primary grain are expected to be fifty per cent up over those of last year. One resident of this district claimed the crop was the cleanest in years, and grading should be good if there is no frost. Oats and barley yields are down over those of last year and cutting on these grains is not expected to be general for another ten days to two weeks.

1500 Horses of District Treated With Vaccine

Over 1500 horses in the Lacombe district have been treated with chick vaccine as an immunization against the plague of encephalomyelitis causing such widespread deaths among horse herds in Western Canada. Several farmers have lost horses in the immediate vicinity, but the spread of the disease seems to have abated somewhat with the cool weather of the past week. Vaccine is being shipped here as fast as it is obtainable, as there is still a great demand for the immunizer.

Successful Amateur Night Held at Forshee

(From Our Own Correspondent)

RIMBEY, August 16—An outstanding presentation of amateur talent was staged recently in the community hall at Forshee, a rural district 10 miles southeast of Rimbey, when 19 numbers consisting of vocal, piano, banjo, and guitar selections, interspersed by dramatic readings, skits, dance and tumbling acts, were run off in snappy order with C. F. "Major" Bower" Danner as master of ceremonies. Mrs. Chas. Moore of Forshee, W. H. Dowling of Gull Lake and Mrs. A. B. MacDonald of Rimbey were in charge of the judging which picked a male quartette from the first place, a play, "The Cremation of Sam McGee," dramatized by George Marshall of Lacombe, for second and a Hawaiian guitar and voice duet by Homer Molten and Joe Oral, both of Forshee, for third.

Duck Shooting Season Opens Here September 15

Game bird shooting in the northern part of the province opens on September 15, while in the south, the shooting does not start until October 1, according to information received from the Department of Mines and Resources, Ottawa. Lacombe this year forms part of the boundary line between the two opening seasons dates, the northern part of the province being described as "that part of Alberta lying north of a line commencing at the intersection of the centre line of the C.P.R. railway with the east boundary of the province near the town of Coomes; thence westerly along the centre line of the said railway to the town of Lacombe and southerly to the town of Red Deer, westerly again along the center of the C.N.R. to the right bank of the Saskatchewan River near Rocky Mountain House."

Under these regulations, shooting north and west of Lacombe opens on September 15, and closes on November 15; while south and east of Lacombe, shooting does not start until October 1 and closes on November 30.

Only Slight Damage When Autos Crash

Resulting in only slight damage two cars collided at the junction of the Calgary and Gull Lake highways here about 5 p.m. Tuesday afternoon. Both autos ended right side-up in the ditch after the north bound car driven by R. Ohlinger of Fox Valley, Saskatchewan in an effort to pass the car driven by Miss avoid a crash, swung into the Louise McNabb of the Gull Lake district.

Fortunately both vehicles were travelling at low speeds as they approached the corner. Mr. Ohlinger was accompanied by his wife and baby daughter on their way to Edmonton and Miss McNabb and her sister, Nancy were driving west in their car. The occupants suffered only slight shock.

EXTRA COPIES OF LAST WEEK'S GLOBE AVAILABLE

The Lacombe Globe has on hand extra copies of last week's issue containing a picture and full report of the Old-Timers' Picnic and Round-Up. Extra copies were printed to take care of the demand for single copies, which has been quite heavy. Anyone requiring them will be able to obtain same at the Globe office. The report that no more copies are available is incorrect.

(Continued on Back Page)

THE LACOMBE GLOBE

A strictly independent weekly newspaper,
published every Thursday in the Globe
Building, Nanton St., Lacombe, Alberta.

Harry J. Ford - Publisher

SUBSCRIPTION RATES

Six Months in Canada.....	2.50
One Year in Canada.....	2.00
One Year in United States.....	2.50

The Lacombe Globe stands for:

1. The advancement of Lacombe and district in agricultural, industrial and commercial life.
2. True democratic government in Alberta.
3. Reduction of taxes and the public debt through the medium of safe, sane reform.
4. The abolition of direct relief through the protection of public works.
5. Better roads for Alberta.

THURSDAY, AUGUST 18, 1938

A Definite Need

THE drowning of a young Lacombe, girl at Gull Lake recently was one of the most tragic occurrences in this district in years. Some steps should be taken by the Gull Lake Village Council to guard against such fatalities at the summer resort. It would be impossible for a lifeguard to efficiently patrol a length of beach such as that at Gull Lake. A whole squad of guards would be needed, and such a body would be prohibitive as to cost.

It would be, though, well within the realms of reason to obtain a pulmotor, conveniently situated at some spot along the beach, to resuscitate drowning victims. Some person could be trained in the use of the life-saving machine and in first aid. It is conceivable that a pulmotor would have availed nothing in saving the life of the latest victim at the Lake. There might come a time, however, when a pulmotor, and a pulmotor only, will save a life. If the resuscitator was used only once in one summer, that once is sufficient reason for its purchase. No pulmotor is available at Gull Lake at the present time—that is a lack that should be remedied. The purchase of a pulmotor is certainly a thought for consideration.

Colonies not Always an Asset

GERMAN'S appetite for colonies seems hard to understand in the light of Great Britain's experiences of even the last twelve months. Large forces of British colonial troops are busily engaged with the latest equipment in northern India, keeping the wild Afghans from the north on their own side of their border. Meanwhile, within India itself, and in that same wild north-west section, British troops are searching, fighting and skirmishing with native forces under the leadership of fierce and power-thirsty Indian princes. Millions of dollars are being spent by Great Britain in India to keep peacelessness in their vast eastern possession.

Palestine, too, has become a thorn in the side of the British Lion as Arabs and Jews fiercely contest the same ground. Strife-ridden by virtual guerrilla warfare, troops from Britain are fighting desperately as policeman in a somewhat futile endeavor to enforce order. Royal Air Force planes are flying night and day, trying to disperse gathering factions before more blood is shed in the perpetuation of the most ancient feud in history—Arab versus Jew.

Britain's plans for the re-partition of Palestine gather no support from either nationality. Both nations believe in their sole right to ownership of Palestine—and Britain as mediator and keeper-of-the-peace is experiencing a trying period.

With all this trouble experienced by Great Britain in keeping peace within its colonies and mandates, Germany still insists on colonies for her people. In the light of it, it might do well to give Germany its colonies—perhaps looking after them would keep Hitler out of mischief in Europe.

A Precedent to Emulate

THIS Spring the British Foreign Office and Secretary State Hull and his department officials of the United States were at loggerheads over the right of ownership of Canton and Enderbury Islands in the middle of the Pacific Ocean, both governments claiming ownership of the lands. The economic worth of the islands is nil, but their strategic situation is believed to be valuable in time of war. Sharp exchanges of notes took place between the two governments, as the governments of neither Britain nor the United States would back down on their claims.

A working agreement, however, has been satisfactorily worked out, an agreement unique in the annals of world history in that there is no known precedent. It has been agreed by both countries that a common regime will be set up on the islands; both countries will be at freedom to employ the islands for purposes connected with international aviation and communication. This is a revolutionary manner of settling international disputes. No friction, no threats, no armed force—a straight and simple co-operative plan whereby both claimants may use the island with no molestation from the other party. Great Britain and the United States have set an example it would be desirable for other nations to follow.

Beggar (to gentleman): "Can't you give a poor man a penny?"

Gentleman: "Haven't any change now. Will be back this way soon."

Beggar: "Ah, sir, it's giving credit to men like you that keeps me poor."

SOME PROBLEM

James: "What happy people you must be to have honest nice daughters! What resources for your old age?"

James: "Yes. Resources enough! But the difficulty nowadays consists in hushbanding one's resources."

"See," exclaimed Franklin, "there is a little man who has so many possessions that he can't enjoy them."

Through the Eyes of a Country Woman

BY "PINCH-HITTER"

The holiday season is almost over, but there are still many who have not as yet returned from their vacations. "Bridget" for instance, is holidaying at the time of writing, and was consequently unable to get her weekly budget in in time for this week's paper; and so we have, in her stead, a pinch-hitter, nervously pecking the typewriter while waiting for an idea that will do justice to this column so familiar and popular with the readers of this paper.

Co-operation is a word about which we hear a great deal these days. The dictionary meaning is given as "to operate together for a common object; to unite with one another or with others in carrying on a co-operative store, society or the like." This is very plain, and very simple. Co-operation, then is simply "to operate together for a common object," and yet how many people neglect to do this very thing.

This writer had an opportunity earlier this year of sitting in on the annual meetings of two large co-operative businesses in this district. One meeting was that of the Blindman Valley Co-operative Association held at Rimbey. The hall was comfortably filled, and the members of the association were easily satisfied with the explanation of the officials who gave logical reasons for the slight drop in profits for the year. What a contrast from a meeting held a week or two earlier at Alix when members of the Central Alberta Dairy Pool met for their annual gathering. There the air was full of meaningless and petty criticisms; directors were abused and insulted by shippers who believed their grievances were paramount in an organization which is, or should be, bigger than any one individual.

The contrast between these two meetings was too great not to be noted by any members of both audiences. On one side was an organization operating on a co-operative basis, where members were getting a fair return for their product, and had no grievances with the directors. On the other hand was a different story; the shippers were dissatisfied because they had been promised something which should not have been promised and which they had not received—and they insisted on getting it. (This article is not a tirade against any single person, or against any single group, but is a straight forward comment on the actions of the membership as a whole by one who is not a member of either organization.)

Perhaps those who demanded the promised dividend had a fair claim, but to my mind, co-operation should come first in the minds of its members. One must ensure the continued success of that pool. No co-operative can operate successfully if its members are concerned only with personal gain. Co-operatives are like marriages—you must give and take, and when you refuse to give, it will not be long before you have nothing to take. It is not long before co-operatives are dependent solely on the monetary returns which they give to their members; although the monetary gain is generally the reason for the formation of any co-operative, yet one bad financial year should not mean blue ruin for the organization.

How many farmers of this district have seen various pools start up, run successfully, and then lose out? Why? As long as everything ran along smoothly, the members spoke enthusiastically of that particular pool, membership grew, and everyone began to sit back and take only and give nothing. As soon as this happened the organization lost. Let us get behind our local co-operatives and give them all we can so that they will not degenerate from the high ideals upon which they were founded.

Everything that is worth having in this world, comes hard—the harder the knocks, the happier is the ending. Although nothing succeeds like success, success to any co-operative organization comes only through hard work and perseverance, and possibly above all, faith in the co-operative.

Shorthorn breeders of the West are being afforded an opportunity to improve their livestock by the sale of the large herd previously owned by the Prince of Wales, now familiarly known as the Duke of Windsor. W. L. Carlyle, manager of the famous EP ranch, declares that approximately 135 head of the finest shorthorn cattle in Canada today will be offered for sale at the large auction to be held on September 30. The EP ranch will no longer be known as a famous shorthorn raising institute, but sheep, ponies and horses will continue to be bred on the Duke's property.

The Duke of Windsor, as the Prince of Wales, reached fame as a cattle breeder with entries of his cattle in the famous livestock fairs of the world. His winnings at international exhibitions are legion, and he did much to further the breeding of shorthorn cattle in Alberta. The dispersion of this fine herd of cattle will be a distinct loss to the province as much as a gain to buyers.

Lady Hungerford (above) is now in Canada with her husband, Sir A. Wilson Hungerford, M.P., who is parliamentary secretary to the Minister of Finance, Northern Ireland.

Letters to the Editor

Opinions expressed in letters to the Editor are not necessarily those of this paper and we assume no responsibility for them. Brevity is desired. Letters must be bona fide and must carry the writer's name, not necessarily for publication, but as evidence of good faith. We reserve the right to reject letters of a libellous nature. Opinions of our readers are invited.

Editor, Western Globe.

Sir, In 1914 the National Debt of Great Britain was three and a half billions of dollars. In 1919 it was 37 billions. From 1919 to 1936 British tax payers paid 44 billions on this debt, or 7 billion more than they owed in 1919. In 1935 the National Debt stood at 40 billions, or 3 billions more than in 1919.

In 1914 Canada's National Debt was 500 million dollars. In 1920 it was two and three-quarter billions. From 1920 to 1934 upwards of two and a half millions was paid on principal and interest, but in 1934 the National Debt stood at more than 3 billions, or more than 300 millions more than in 1920.

A "business government" is proposed for Alberta to "pay off" the provincial debt by "business" methods. If the people of Great Britain, after "repaying" their debt, now owe more than they did before they "repaid" it, how much must the people of Alberta pay to wipe out their provincial debt? Will Mr. Gray, or any one else, explain how we are to repay public debt when the only money available to repay with is another debt? How, in fact, can such debt be paid unless debt free money is issued to pay them with?

If the nation would issue the spending power of the government no public debt would exist. Norman Jaques.

Egypt Improving Nile Canal

CAIRO—A recent decision of the Ministry of Public Works to spend more than £1,000,000 on the improvement of the waterway between Cairo and Alexandria, Egypt, shows a new and progressive policy. Egyptian Governments of the past have penalized rather than encouraged water-borne traffic through considering it in the light of a competitor with State-owned railways.

The new work is designed to enable boats, during the low-water period from December to July, to pass through modern canals on the west of the Rosetta branch of the Nile, thus avoiding the tedious route through the old waterways of the Central Delta and saving about half the time now taken between the two cities.

The fact the project now adopted is one that was designed by British engineers in the Irrigation Department several years ago is significant of the Government's change of policy and justifies the hope that other neglected waterways, notably those between Cairo and the Suez Canal, and those linking up the big Delta towns, are to receive attention.

Much, too, needs to be done to improve navigation on the Nile in Upper Egypt. This requires a consistent system of river-training works which probably will receive more attention when the projects for exploiting the mineral wealth of Nubia and hydroelectric power at Aswan have been developed.

Tees Tattle Tales

By TATTLE

TEES.—The baseball season ended for Tees Sunday afternoon when they were swamped 14-1 by Nebraska, who now will complete the playoff with Sargent to determine the best team in the league. A hardball team from Tees defeated a pick-up team from Alix 10-6 at Alix Fair Day, but the Tees' girls softball team went down to defeat at the hands of the Alix girls the same day by a 12-8 score. Another softball team from Sargent lost to an Alix team of high school boys 21-1.

What might have been a serious accident turned out very fortunately for Junior Sopitt due to the wet condition of the roads. While riding in a buggy with his parents to town young Sopitt overbalanced and fell to the ground, the buggy passed over his right arm but he escaped with nothing more than a slight shock and a bruised arm.

Several binders are humming now and by the end of the week all the workable machines are expected to be in the field to take care of what appears to be a very good crop.

Sy Colebrook unloaded a car of Holland twine a week or so ago and has disposed of a large quantity already.

Ken McDougall is trying to beautify the town a little by putting a few coats of paint on his store.

Both elevators are putting in fifteen ton scales in preparation for the new crop and large trucks. The old scales were a little short in length and it was hard to weigh some of the later model trucks.

A surprise birthday party was pulled off on Mrs. A. M. Sim by a large number of country and town ladies Tuesday afternoon at her home, south of town.

The scale repair crew, headed by John Bakkan have just completed installation of the Pool Elevator's new scale and has gone on its way to another point.

Rare Paintings Sold on Shares

BRISBANE, Queensland.—An unusual sale was effected here recently when an American named Stanley Thompson paid £559 for a half share in a collection of paintings owned by Capt. William E. McColm, a retired master mariner who came to Queensland about 10 years ago with the Earl of Suffolk, with whom he was a partner in an estate at Warwick, Queensland.

The collection, which contains a number of masters, was seized recently because of a court judgment against Captain McColm, and was to have been publicly auctioned in Brisbane. In subsequent court proceedings, however, Captain McColm obtained a two months' stay in order to raise the money of a debt without sacrificing the pictures, which he believes to be genuinely worth many times the amount owing by him.

Mr. Thompson purchased a half share in the collection by the payment of Captain McColm's debt, plus legal expenses. The deal, under an agreement signed by Captain McColm, entitles him to half of what the pictures realize at the London sales rooms. The pictures were recently consigned to a firm of London art dealers on the P.A.O. liner Strathnaver.

Canada Pushes Net For Rum Runners

OTTAWA.—Canadian preventive forces have been given the right to search vessels of British registry within 12 miles of Canada's shores under an agreement between the United Kingdom Government and Ottawa.

"The Canadian preventive forces are much troubled by activities of liquor smugglers off the coast and experience shows that a number of vessels concerned are British vessels registered outside Canada," the Department of Internal Affairs announced.

Hitherto, Canadian Customs boats have had the right of search, except in cases of vessels of Canadian registry, only up to the three-mile limit.

The extension applies only to vessels up to 500 tons, unless larger vessels "have been included in a list to be agreed on by the two Governments or have been acting in a manner inconsistent with employment in legitimate trade."

For the Harvest

We cater to Farmers, as we realize they require Apparel that will stand up under the hardest wear. THAT'S THE KIND WE KEEP IN STOCK

Watson's Work Gloves

In Teasdale, Roper and Gauntlet styles.

Work Shirts

In Cottons, Flannels and Doeskin. Dozens to choose from, in a variety of colors, especially suited for Harvest, Fall or Winter Wear.

Overalls

The finest G.W.G. and Carhart's, in Bibs and Pants, with Smocks to match. A fine selection to choose from.

COMPOUND FRACTION

"Well, Mose, how is your better half this morning?"
"She's better, thankie, sah; but, boss, your shore is careless wif your fractions."

Weddings

HUEPPELHEUSER-TAYLOR

Attended by some thirty-five guests, the wedding of Miss Hueppelheuser and Mr. Taylor, friends of the bride and groom, the wedding took place Thursday, August 11, at the home of her parents, of Verna Eva, only daughter of Mr. and Mrs. Fred Taylor, old-timers of the community, Mr. Merlin H. Hueppelheuser, second son of Mr. and Mrs. O. W. Hueppelheuser of Blackfalds.

The ceremony, which took place at 2 p.m., was held in the living room, where a pretty archway of white and pink streamers and white wedding bells with a background of flowers, had been arranged. Rev. S. J. Waterman of the Baptist Church officiated. The bride was given in marriage by her father, Miss Eva Shaw, aunt of the bride, played the wedding march, and during the signing of the register Miss Shaw sang "I Love You Truly." Mr. Harold Hueppelheuser, brother of the groom, acted as usher. Mr. Gardiner Shaw, cousin of the bride, was best man.

A lovely gown of white satin slightly entrain was chosen by the bride for her wedding. The dress was made with fitted bodice and shirred puffed sleeves, coming to a point over her hand. Her wedding veil was of white silk embroidered net held in place by a wreath of pearls and orange blossoms, its folds sweeping over the dress and train. She carried a bouquet of red roses and a white handkerchief made by her grandmother, and wore on her arm a gold bracelet which had been worn by the great-grandmother of the groom.

Miss Doris A. Hueppelheuser, sister of the groom, was the bridesmaid. Her dress of pale yellow organza over taffeta was made with fitted bodice, full sleeves and floor length skirt. Her flowers were yellow gladioli. The bride's mother, Mrs. Taylor, chose for the occasion a smart gown of blue figured silk and accessories of blue. Her corsage was of pink carnations.

Mrs. Hueppelheuser, mother of the groom, was dressed in navy blue silk crepe with a corsage of pink carnations, and accessories in navy tones.

Following the ceremony a buffet lunch was served on the lawn. The table decorations being of pink sweet peas and the bride's table was centered with a three-tier wedding cake banked in tulle.

Those assisting with the serving were Miss Phyllis Halliburton, Miss May Rowe, Miss Verna Rea, Miss Nancy Ford and Mrs. G. Hueppelheuser. After the reception the young couple left by car for Waterton Lakes and Glacier Park, Montana, for a honeymoon trip, the bride travelling in a bige tailored suit with eggshell blouse and dark brown accessories. Upon their return they will reside on the groom's farm seven miles west of Blackfalds.

Lincoln

(From Our Own Correspondent)
LINCOLN.—Mr. and Mrs. P. Barton and family of Loughheed, Alta., and Mrs. H. Kilbome of Winnipeg spent the week-end at the home of Mr. and Mrs. Art Cartwright.

Last report of little Shirley Spink was that she is improving satisfactorily and Mr. and Mrs. Spink expect to have her home shortly.

Mr. and Mrs. Jno. Bradley, Mrs. Ern. Crocker and Mrs. Mrs. Durch attended the wedding of the latter's daughter Gladys to Charles Lawrence on August 15 at St. Joseph's Cathedral, Edmonton.

Mr. and Mrs. Floyd Carter were visitors at the home of Mrs. Taylor of the fowalta district. Mr. and Mrs. Lee Smith and family and Mrs. Wells spent Sunday with their sister Mrs. H. Dool.

We hear the grader has got started on the Lincoln road. Mr. and Mrs. Ab Saunders and Mr. and Mrs. B. Bradley spent Sunday at Delbourne, bringing home Ray with them who has spent the last week with his sister Mrs. Gordon Gilbert.

Mrs. Chas. Carter has her daughter, Mrs. Tolfield Mittelstadt of Camrose with her for a few days. Owing to these daily showers the farmers are making slow progress towards cutting their grain.

Clive

(From Our Own Correspondent)

CLIVE.—Mr. and Mrs. Wm. Wickett of Laural, Nebraska and their daughter Miss Eleanor Wickett of Chicago, Ill., are visiting relatives here and Mr. Wickett is also looking after business interests.

Mr. Carl Wagner and family of Pierre, S.D., are visiting at the homes of his brothers, Louis and Eb. Wagner.

Mrs. W. H. Kocher entertained the ladies' aid on Thursday, Aug. 11, assisted by Mrs. Hill and Mrs. Gachwendner.

A large number of ladies were present and also a few men who

got in on the ice cream. Mrs. Northcott and Miss M. Nesbitt have returned home from Edmonton where they spent a month. Geo. Scorch took home 2,000 lbs of binder twine and a new binder purchased from Geo. Reid which looks like tying up a good crop for the farmer.

Harvest is started in full swing with a heavy crop to handle. We hope the weather behaves a little better, so as not to delay proceedings too much.

B. Haskins is erecting a new bungalow on the site where his house burned down a short time ago.

John and Mary Bell, Nellie Heald and Mrs. Brooks motored to Calgary last week.

Blackfalds

(From Our Own Correspondent)

BLACKFALDS—The four inches of rain which fell here the week-end before last was received with mixed feelings. Some with late maturing crops welcomed it gladly, others were not so pleased, but all will agree that it will help to make a good reserve for next year. Several farmers have started cutting their grain in this district though light showers over the week-end have tended to hold things up somewhat.

There was a meeting of the U. F. and U.F.W.A. at the home of Mrs. Rits last Wednesday night with close upon thirty people in attendance. After the regular business had been completed, a fine lunch was served and the gathering dispersed around midnight.

Miss Elsie Walker was in Calgary for the week-end. Mr. Walker rounded up the children of the village last Friday evening to clean up the weeds on the rink. After the evening work was done, a bonfire was lighted and an enjoyable weiner roast followed.

Sid Godfrey has been busy during the week rooting out the side-walk from the post office to the hall. It is proposed to replace it with gravel. The village council has also decided to improve the looks of the village by planting rows of trees along both sides of the main highway. The ground has already been ploughed for this purpose.

During the absence of our postmaster on his vacation, Miss Edna Lawton has been acting in that capacity.

We have a "swell" case of mumps in the village, Mrs. Hale being the victim. It is believed that she must have contracted the disease during her recent visit to Edmonton.

Mr. Stauffer, the new teacher was in the village with his wife, last Friday looking for a house. He is expected to rent the house on Mr. Kenneth Dane's farm west of the village.

Mr. and Mrs. Arthur Wigmore returned from their honeymoon on the farm of the groom's parents in honor of the bride.

Mr. and Mrs. John Eggen are receiving congratulations and the birth of a baby boy recently at Red Deer.

An enjoyable dance was held at the local hall last Friday night.

There have been a few cases of sleeping sickness among the horses hereabouts, but remedial measures are being taken, and it is hoped the disease will be checked.

Little Wilfred McAlister was operated upon recently for the removal of his tonsils and adenoids. He is still somewhat weak as a result, but it is hoped that the final results will be beneficial. The condition of Mrs. Capron remains about the same.

Mrs. Mel. Roe and daughter, Nettie, have been away on a visit to Banff since the latter's return from Summer School.

A charivari was arranged for Mr. and Mrs. Arthur Wigmore but as their home was too small to house all the visitors it was decided to move to the Aspelund Hall where the dance was held. News of the dance seeped through to Blackfalds, and the dancers decided to take it in too, so our hall was soon cleared. The monthly meeting of the W. W. was held at the home of Mrs. Phil McLennan in the village on Thursday, August 4, with ten members and five visitors in attendance. A pleasant afternoon was enjoyed by all.

Fred Bills is having the Pool Hall altered to be made suitable for a dance hall. George Wadey is in charge of the carpentry work.

Mrs. Henry McLennan is away on a visit to Lethbridge, and Mrs. P. McLennan has taken charge of the children during her absence.

VISITS IN CALGARY

Roy Flegel, accompanied by I. Harris of Ponoka, was a business visitor in Calgary last week.

PUBLICITY TO THE END

"Well," said the business man, "you better put in a clause about my employees. To each man who has worked for me 20 years, I give and bequeath \$50,000."

"But," said the lawyer, "you haven't been in business 20 years."

"I know it, man, but it's good advertising"

A Hot Dog - With Cold Feet

"Come on in, the water's fine," the little girls say to their pet fox terrier who seems rather reluctant about leaving the

shore. He'll love it though when he cools off, and perhaps his mistress and her friends will have as hard a time getting him

out of the water as they seem to have persuading him to have a swim.

Mirror

(From Our Own Correspondent)

MIRROR—On Thursday, Aug. 11, a Social Credit meeting was held in the "Grand Theatre" at which about 240 attended. D. Bruce MacMillan, M.L.A., acted as chairman. J. A. Marshall, M.P., was the first speaker and spoke on the happenings at the last session of the Federal Government. N. Jaques, M.P., the second speaker, spoke on "Unification." E. C. Manning, Provincial Secretary, was the last speaker and his subject was provincial legislation. The meeting was orderly with no heckling.

Mr. A. Price, of Kirkland Lake, Ont., is visiting at the home of Mr. and Mrs. C. Freeland.

Miss Betty McNair of Alliance, Alberta, is visiting her cousin, Miss Aldyde McNair.

The addition to the school is nearing completion and not only improves the appearance of the school but will be a welcome convenience.

The school board has decided to furnish the room on the first floor and use the basement as a play room.

E. Webster returned Friday from the University Hospital, where he underwent an operation.

W. J. Anderson and family of Vancouver, B.C., are visiting in sister Mrs. C. L. Reid.

Misses Margaret and Frances Smathers are visiting relatives in Ferintosh, Alta.

Chlgwell

(From Our Own Correspondent)

CHIGWELL—Bob Shearer has had a coat of paint put on his big barn just recently.

Mrs. Hudkins returned home on Friday from the Lacombe Hospital.

Alex Willson and grandson Ward spent the week-end in Carbon visiting Mr. and Mrs. Harley Willson and family.

Floyd and Arthur Willsons spent Sunday at Erskine visiting Will Willsons.

Mr. George Dawson from Vancouver is visiting the Cochlin family at present.

Fred Butcher, Jr., and Mr. and Mrs. C. Butcher from Prince George, B.C., spent Wednesday at the home of Mrs. Arthur Willson, also Mrs. Olive Butcher and daughter Orpha.

Mr. C. Short spent the week-end with his sister Mrs. Black at Condon, Alta.

Mr. Reitie is busy these days on his new barn that he is building on his west farm.

It Shall Endure

By HENRY A. BRITTON

If we would truly serve, we rich shall be;
Far richer than the ones who strive for gold—
For in true service is the magic key
To sweet contentment when our lives grow old.

And when we die, if we have left behind
A record of some goodly deeds well done,
'Twill be an inspiration to our kind
To emulate the course that we have run.

Life ends: A mere transition it may be,
Or interlude to give the spirit rest
Before its journey through eternity,
Infinite though its passage and its quest.

If we but knew and clearly understood
Life's mystery—too great for human mind—
Would there be naught of evil, only good?
Or would we still seek on and never find?

We do not know; Faith therefore plays a part—
The faith by which our fathers lived and died.
If we have Love enshrined within the heart,
It shall endure, its spirit glorified.

Sunny Crest Specs

By SPT

SUNNY CREST—Binder days are here again, punctuated by sudden showers and about two per cent hail. Many fields of barley and wheat are cut and stooked. While the men are harvesting, the women have been picking blueberries.

Many disappointed pickers came back from Kirk Dick's point where in other years the berries were plentiful. The hail appears to have got them this year.

Karl Kamiah is home after his recent operation.

Orville Saunders has been to the hospital for treatment of a blood poisoned arm—the result of a silver.

Lester Barr underwent an operation on his ear and is home now.

Raymond Barr has been quite ill, too, with a severe touch of the flu.

Several farmers have inoculated their horses in this district. A. S. Connolly lost a horse and A. McNeill came close to losing one of his mares.

The Three Hills' Bible School is now holding its annual camp at McLaurin Beach.

Mrs. Roy Gee was an afternoon visitor with Grandma Moore last Saturday.

Westling

(From Our Own Correspondent)

WESTLING—Mrs. Ethel Malcolm of Regina is visiting Mr. and Mrs. D. Mack and other relations in this district for a while.

Hubert Summerville is visiting his parents Mr. and Mrs. Wm. Summerville while taking his holidays from Edmonton.

Mrs. Eric Westling's sister and family left here for their home in California last week.

Dave Mack received minor injuries when his buggy was struck by a car last Saturday night on the Chigwell road.

Miss Marie Mytton is staying at the home of Mr. and Mrs. D. Will for this week.

Mr. and Mrs. Roy Jeglum of Cold Lake, Sask., visited with Mr. and Mrs. Ernie Jeglum here for a few days while enroute to Vernon, B.C.

A number of farmers in this district are having their horses vaccinated for encephalomyelitis, although no cases have been reported in this district.

A Blackfoot Indian going by the name of Chief Sitting Bull was seen smoking a peace pipe in several parts of this district on Tuesday.

CONVICTS TO GET BIRLES

TRINIDAD, B.W.I.—Convicts in Trinidad jails who ask for copies of the Scriptures to read in their cells will in future have their requests met promptly. The British and Foreign Bible Society, complying with a suggestion made by the Salvation Army in Port-of-Spain, has donated 300 copies of the Bible for the use of the penal institutions in this tropical colony. The Superintendent of Prisons reported that many prisoners asked for the Bible but were not always able to obtain it.

On Goodwill Flight to Quebec

Flown by wealthy amateur pilots from the United States, 20 airplanes, including two \$90,000 amphibian Grumanns, made a goodwill flight in the

Province of Quebec last weekend. Part of the aerial armada is shown above resting on Lac Quimet in front of the Gray Rocks Inn. The return flight

was made Saturday, with a stopover at Montebello. The entire trip was unmarred by any mishaps despite threatening weather at the start.

IN PLAIN ENGLISH

Asked to paraphrase the sentence, "He had decided literary bent," a city scholar gave this version:

"He was very round-shouldered through excessive writing."

Average Crop Expected
In Western Canada

The latest crop report issued by the bank of Montreal is optimistic for the harvest of grain in Western Canada. The report follows:

General — Harvesting is now fairly general in the Prairie Provinces, with rapid progress being made in Manitoba, Saskatchewan and southern Alberta. Wet weather in many districts has temporarily delayed cutting but the moisture has been beneficial to late crops and pastures. In central Alberta warm weather is needed to hasten the ripening of crops. The effects of rust in Manitoba and Eastern Saskatchewan are becoming evident as harvesting progresses, and the yields and grades of susceptible varieties of wheat will be appreciably reduced. Grasshoppers are damaging standing crops in parts of Manitoba and Saskatchewan. Alberta—Conditions generally are satisfactory, except in north-western and southeastern districts. Cutting, which had commenced in most districts, will be delayed for a few days by recent rains. The moisture will, however, prove beneficial to late sown grains. Further hail damage has occurred in scattered areas in the south-central district. A good average crop of all grains is anticipated.

Saskatchewan — Wheat cutting has become general and indications are that there will be a wide variation of yields. In the southeastern, south-central and east-central districts rust has shown further development on susceptible varieties of wheat, and outturns will be seriously reduced in the affected areas. Grasshoppers are damaging the crops in the southern and central regions. Pastures generally are satisfactory.

Manitoba — While harvesting operations have been delayed by wet weather, cutting is well advanced and some threshing has been done. While the best stands of wheat are in the northwestern area, good average crops are now being harvested generally throughout the province, though rust, which is heavy on susceptible varieties, will reduce yields. Pastures are in good condition, and hay yields in the northwestern district have been heavy.

CHAOS IN OIL INDUSTRY
AVOIDED BY PRORATION
The practice of proration in Turner Valley oil fields has been widely discussed, perhaps frequently by those who do not know just what it means.

Proration is simply sharing the available market for oil among the producers. For example, suppose there were an oil field with 10 wells, capable of producing 8,000 barrels a day. Given a market for all of it, there would be no difficulty. But assume that the market available from this field is only 4,000 barrels a day. Under proration, each would be allowed to produce only half as much as it could produce if it were running wide open.

Proration is desirable not alone in the interest of the market. It is of great benefit to the consumer.

Potential production and marketable production are two different things. In this is found the underlying reason for proration.

Instruction Class at 4:30 p.m.

CHRISTIAN SCIENCE
At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Mind." One of the Scriptural quotations in the Lesson-Sermon is Philippians 2:2, "Fulfill ye my joy, that ye be likeminded having the same love, being of one accord, of one mind." One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is: "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established. Having no other gods, turning to no other but the one perfect Mind to guide him, man is the likeness of God, pure and eternal, having that Mind which was also in Christ" (p. 407).

Punch: An American businessman has bequeathed two factories to one of his younger sons. We presume that is what is technically known as "giving him the works."

Bentley

(From Our Own Correspondent)

BENTLEY—Mr. and Mrs. G. A. Trimble left Saturday for Turner Valley where they will reside. Mr. Trimble having obtained work there.

Harold Hopkins and sons John and George are holidaying at Nordegg.

Mr. and Mrs. Charlie Kent, of Courtright, Ont., and Mrs. P. E. Thorp of Grand Prairie, spent last week at the R. E. Chown home.

Miss Marion Stolicker, Wilkie, Sask., returned home on Thursday after spending the past two weeks visiting her brothers Donald and Barney at the W. Stephenson home.

Mrs. Bruce Murray returned to her home at Edmonton on Friday after having spent some time with her parents Mr. and Mrs. R. E. Chown.

On Friday evening the Young People of Bentley honored Olive and Andrew Trimble, who are leaving to reside at Turner Valley, at a surprise party. Games were played and lunch was served after which they were each presented with a small gift.

Mrs. John Larsen of Blackfalds celebrated her 74th birthday at the home of Mr. and Mrs. Henry Castleman of Bentley with all the family present. Mr. and Mrs. Dick Cox of Bentley also attended the party. A lovely lunch and dinner was served by the hostess. It was a happy gathering enjoyed by all.

Westling

(From Our Own Correspondent)

WESTLING — Mr. and Mrs. Dave Will and daughter Marjorie have returned from their trip. Mr. Haskins has the basement in for his new home.

Charles Archibald of Banff is visiting with Mr. and Mrs. Haskins. A few of the farmers have started harvesting and the hum of the binder is heard.

Dorothy Kemp, who was visiting her aunt, Mrs. Oscar Westling, has returned to her home in Edmonton.

New Zealand Plans
'Canned' Army Band

AUCKLAND, New Zealand. — New Zealand is to have a mechanized military band. The Territorial Army in New Zealand is small and scattered, so that the maintenance of bands is difficult and sometimes impossible. But troops need music and the authorities realize its recruiting value.

So the radio section of the Post and Telegraph Department has designed a mechanical band that will go on to an Army truck. The equipment includes two loudspeakers and the necessary records.

The unit has a double purpose. From it orders can be given to troops on parade or drills, and it supplies the marching music. It can be taken about the country.

JUDICIAL SALE OF FARM PROPERTY NEAR LACOMBE

PURSUANT to an Order for sale to be sold by Public Auction at the Post Office in the Town of Lacombe, Province of Alberta, at two o'clock in the afternoon on Saturday, the 20th day of August, A.D. 1938, the following described property: The South-east quarter of section thirty-four (34) Township forty-one (41) Range twenty-eight (28), of the Fourth Meridian, in the Province of Alberta, subject to prior encumbrances registered against the said land, particulars of which will be exhibited at the time of sale, and subject to the reservations contained in the existing Certificate of Title. The property will be offered for sale subject to an upset price of \$15,000.00 and subject to the taxes due on the said land, at the time of sale. The balance within sixty days from the date of sale. The vendor is informed that there are no improvements upon the said land. There are about 80 acres of the said land cultivated. All the land is enclosed with two and three strand barb wire fence in poor condition. The said land is situated 15 miles from the Town of Lacombe, in the Province of Alberta. The following particulars and conditions of sale apply to S. McCormick, Barrister, Lacombe, Alberta, Solicitor for the Plaintiff.

DATED at the Town of Lacombe, in the Province of Alberta, this 26th day of July, A.D. 1938.

"MacD MILLARD" Clerk of the Court. a18c

Amateur Night (Continued from Page One)

amateur hour deserved special mention. These were, Helen Carson, of Rimby, whose soprano voice brought rounds of applause from the large audience; a group of school children of the Chapel district with a dramatic pantomime entitled "The Black Cat Pie" that kept the assembly convulsed with laughter; and June McMilligan of Bentley, whose acrobatic accomplishments would rank among the best of juvenile performers anywhere.

Also deserving of mention were the vocal duet numbers by the Wyanko sisters of Bentley and by the Walton sisters of Forsee. One Simon made a hit with the audience in his character sketch and a vocal rendering of "What's the Matter with Father," that would rival a Nelson Eddy number. William Ingraham of Forsee had his hearers completely non-plussed when in feminine attire and billed as "Miss Rosalind" from the reservation at Hobbs, he sang a solo in coloratura soprano quite out of keeping with the suggestion of a heard on his lower jaw. He had them guessing though and not until Bill pulled off his wig did the audience realize that they had been listening to the voice of Miss Peggy Ingraham, cleverly secreted in the stage wings while Bill had merely mouthed the words. Not to be outdone by Ingraham or Simon, L. A. "Burr" Gunn, tumbled onto the stage in a kick and step dance that brought the house down and added laurels to his already long list of stage successes.

Friday evenings performance

Bible Memory Awards Made at Mission Camp

BY GEO. E. WILLIAMS
McLAURIN BEACH.—Due to the unavoidable postponement of the date of the Canadian Sunday School mission Bible Camp held here, a number of boys who had qualified for attendance, were obliged to stay home to help in the harvest work, yet 54 boys and girls were in attendance at the camp which closed last Thursday. Of this number 35 are in attendance for the first time this year. In order to obtain one week free at the camp the children are required for the first year to memorize 350 Bible verses; for the second year, 200; for the third year a short Bible correspondence course; for the fourth year

200 specially selected Bible verses; and to win a fifth year at camp a camper must get another child to learn the verses and come with him or her to the camp.

Nine entered the Bible Memory Contest at the camp and recited Bible verses. The following were awarded Bibles for accuracy in rendering and ability to recite: Marie Froese, Sullivan Lake; Lucille Shranka, Broadview; Fanny Bailey, Phillips; Dorothy Rhodes, Caroline; Ardel Aissier, Kirriemuir; and Vera Altramoff, Kirriemuir, all of Alberta.

E. Silversides, superintendent of the Alberta branch of the Canadian S.S. Mission and Mrs. Silversides are in charge of the camp. Miss D. Thomas, secretary, treasurer, and a number of the Canadian S.S. Mission workers have also been helpers. The headquarters of the Alberta branch of the Mission is at Three Hills, Alta.

SOFTBALL AT GULL LAKE

Gull Lake ladies' softball team lost to Lowlands last Sunday at Lincoln by a 9-11 score. The following games will be played next Sunday at the park: Ladies, Gull Lake versus Bismark; Men, Spruceville versus Bismark.

Police Court

T. Kellar appeared before Magistrate E. H. Jones in the local police court here Saturday on three charges. He was found guilty of assault on Mark Kwong, proprietor of the Public Cafe here, and fined \$10.00 and costs when found guilty of causing damage to the Public Cafe, and was ordered to make restitution to the proprietor. A charge of "illegal possession of liquor" was dismissed. Chief F. P. Holgate prosecuted.

Evidence was given at the trial that the accused entered the cafe and ordered a steak. He declared the steak was tough, and rose from the table without paying for it. When Kwong intercepted his passage to the door, Kellar knocked him down.

W.L. MEMBERS HOLD PICNIC WEDNESDAY

Members of the Women's Institute and their families enjoyed an outing at the farm of Mr. and Mrs. W. J. Cramm on Wednesday, Aug. 17. A program of races and games provided entertainment and a picnic lunch was served on the lawn. A hearty vote of thanks was extended Mr. and Mrs. Cramm for their kindness.

200 specially selected Bible verses; and to win a fifth year at camp a camper must get another child to learn the verses and come with him or her to the camp.

Nine entered the Bible Memory Contest at the camp and recited Bible verses. The following were awarded Bibles for accuracy in rendering and ability to recite:

Thomas, secretary, treasurer, and a number of the Canadian S.S. Mission workers have also been helpers. The headquarters of the Alberta branch of the Mission is at Three Hills, Alta.

Central

(From Our Own Correspondent)

CENTRAL—Mrs. Stub Hawser and Mrs. Len Sebble motored recently to spend a few days with Mrs. Fred Johnston at Hoadley. Mrs. C. Heston and daughters, and Mr. H. Armstrong of Calgary have returned home after visiting a few old friends in the district. While here they attended a family re-union dinner at the home of Mrs. Joe Peck. The guests were all relatives and numbered between 25 and 30.

Mrs. J. Jeffries and young sons of Wetaskwin have been visiting at the home of Mr. and Mrs. H. Gale for the past week.

Mrs. Telford and children from Edmonton have been guests of Mrs. Shranka, Broadview; Fanny Bailey, Phillips; Dorothy Rhodes, Caroline; Ardel Aissier, Kirriemuir; and Vera Altramoff, Kirriemuir, all of Alberta.

Miss I. Richardson of the Ponoka Mental Hospital nursing staff and Bill Collier of Flatbush were guests at the J. O. Todd home for a few days. Bert Bradley thinks "Bill" will recover.

The Central school grounds have been ploughed and levelled down which has made a big improvement. Mr. Gimbel had the contract for the work.
